Who We Are

AmeriGlide is emerging in the U.S. as the premier lift supplier for accessibility. **Family-owned, with over 30 years of experience** AmeriGlide manufactures vertical and incline platform lifts, residential and commercial elevators, dumbwaiters, material lifts, door openers, doors, door interlocks, and much more.

Why Choose AmeriGlide?

Competitive Pricing

We pride ourselves for having the best prices in the industry without sacrificing quality.

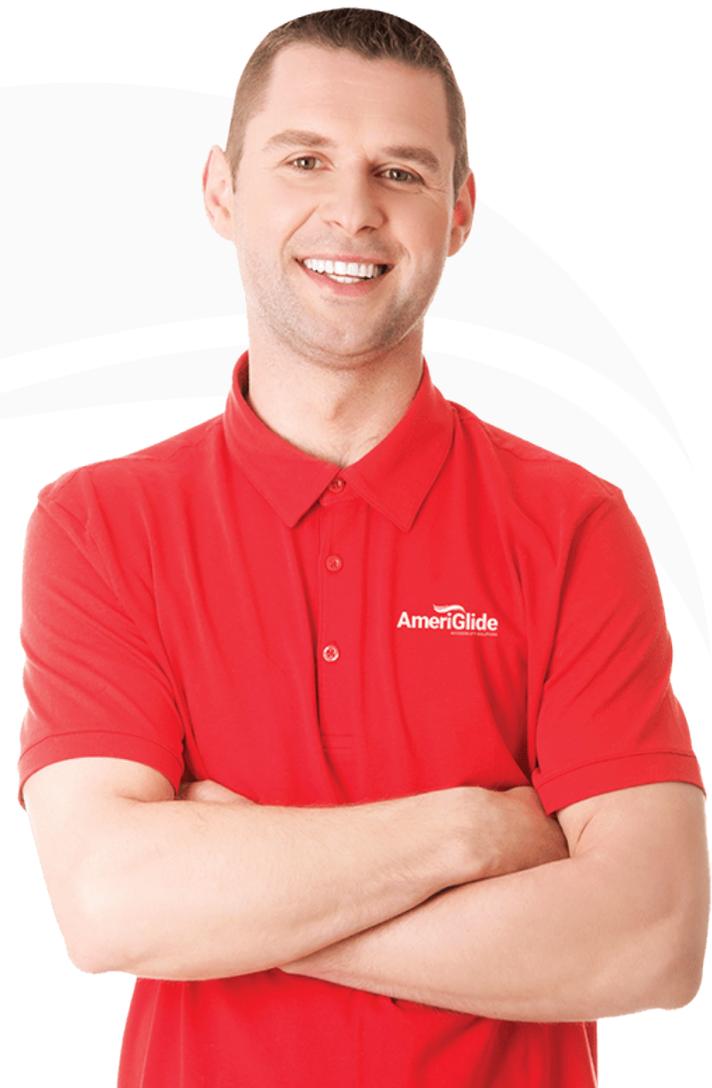

Thousands of Vertical Lifts Manufactured

Since we have been in business, we've manufactured thousands of vertical lifts for many commercial and residential locations.

Built with Quality

Designed to meet the highest North American standards in terms of quality and safety.

We Have Control From Start to Finish

From beginning to end we control all aspects of the manufacturing process. From cutting the steel to welding, painting, and assembly.

We can build and customize lifts to meet your customers' needs. With being in control of all these processes, this allows us to offer you better pricing while still delivering an extremely high-quality product by cutting out middlemen in the process.

ACCESSIBILITY SOLUTIONS

Key Features

Customizable

The height, platform, and configuration can all be customized to fit your specific needs.

Sharp Aesthetics

This sleek platform lift is designed to blend into any decor. It's minimal frame is also weather protected, making it ideal for outdoor spaces.

Battery Powered

It's innovative engineering allows this product to still be operable in case of a power outage.

Fast Installation

Can be installed in 2-3 days and requires low maintenance with easy servicing.

LED Indicators

Created for quick troubleshooting issues. Each light represents a function on the lift that turns on if an issue is to arise.
